AMERICANS SAFE IN BERLIN, SAYS ENVOY

Ambassador Gerard Arranges to Send Refugees to Holland

The State Department made public to day a lengthy cablegram from Ambassador Gerard, at Berlin, the first to b received containing definite news of the which it is declared that all Americans are safe, that the banks are cashing their checks, and that the American embassy is caring for destitute refugees. Moreover, Ambassador Gerard reported that a means of transportation has been opened up to the Holland frontier which will give Americans an oppor tunity to leave Germany. - pecial effort will be made to provide transporta-

ECZEMA IN ITS WORST FORM

Feb. 25, 1914: "I had eczema in the worst form all over my face. It started with a rash like hives, and itched and burned so that I could not keep my hands off of it. I could hardly sleep. The more I rubbed it the worse it itched, and the more it spread. Blisters formed, and when opened had pus in them. I looked terrible. I would not let myself be seen. This lasted for about three months, and during that time I tried prescriptions, cold creams, damphor, etc. But it still kept getting worse until at last I tried Resinol Ointment and Resinol Soap. FIRST APPLICATION RELIEVED THE ITCHING AND BURNING. I purchased a jar of Resinol Ointment and a cake of Resinol Soap, and by the time they were gone my face was en-tirely well—my skin is as smooth and clear as ever." (Signed) Mrs. Phebe Cole, 1969 N. PLAN NEW MARKET

Commissioners Will Ask Congress to Help Cut Cost of Living in City.

In view of the recent increase of trade at the municipal fish wharf, foot of Eleventh street southwest, the Commissioners have ordered a revision of the proposed new plans for the market building, an appropriation for which, it is understood, will be included in their next annual estimates. The establishment of a modern mu

nicipal market, it is believed by John H. Sherman, the new superintendent of weights, measures and markets would have a direct bearing on the problem of the high cost of living in the District. It is Mr. Sherman's opin-ion that the installation of a modern market system would result in the elimination of a great amount of waste, followed by a lowering in the cost of food products, and he is now working to this end.

this end.

The Commissioners last year included in their estimates an item of \$135,000 for a new market building. Congress failed to grant the appropriation, and the Commissioners, it is understood, will urge that it be included in the next appropriation bill. Mr. Sherman believes that a larger building than that originally planned should be provided, which may result in the request for a larger appropriation. a larger appropriation.

The plans will be drawn by Snowden Ashford, municipal architect, and will

sarden produce at the new market.

Suggestion was made by Mr. Sherman today that the building of a new Aqueduct bridge with a terminus at Thirty-fourth street. Georgetown, and the establishment of a freight trolley system would result in large increases in the importation of market products from Virginia.
